Packaging: 100 kg Drum (standard) 10 kg Pail (optional)

Florabeads Jojoba provide gentle and effective exfoliation to the skin. Florabeads Jojoba are hard, smooth, free-flowing, botanical microspheres of Jojoba Esters. Florabeads Jojoba are superior to pumice, nutshells and polyethylene exfoliants because they do not cause irritation or microlacerations to the skin and they deposit Jojoba Esters which provide a smoother skin feel.

Florabeads Jojoba are the exfoliative of choice in leading facial scrubs, body polishers and soaps, and are internationally approved for cosmetic formulations. Florabeads Jojoba are available in particle sizes ranging from 150 to 600 microns as well as in all standard Floratech colors. Custom colors and sizes are available upon request.
