

Floraesters® K-100 Jojoba

Product Information Bulletin

INCI: Hydrolyzed jojoba Esters (&) Jojoba Esters (&) Water (Aqua)
Botanical Origin: *Simmondsia chinensis*
EINECS: 286-079-4 (&) 307-351-1 (&) 231-791-2
CAS: 85186-93-2 (&) 61789-91-1 (&) 7732-18-5
JCIC: 532287 (&) 507092 (&) 520987 (&) 001370
Packaging: 16 kg Pail (standard)

Floraesters K-100 Jojoba, a jojoba-derived emollient, improves many formulas that benefit from long-lasting effect. K-100 Jojoba has high substantivity, even after rinsing in water, which indicates optimum benefits for moisturizing products, sunscreens, and long-wearing makeup and lipstick. Nova Meter tests show that K-100 Jojoba used in makeup or lotion significantly extends skin hydration for up to 8 hours after application.

Furthermore, K-100 Jojoba has been proven to have substantial fragrance-fixative properties, measured by chromatographic method. It is soluble in alcohol and glycols, making it a good candidate for use in clear skin toners and astringents, perfume sprays, and after-shaves. It also enhances skin hydration in many formulas. In addition, its water-resistance makes it ideal for long-wearing makeup that does not dry out the skin.

Functions:

- ❖ Extended Skin Hydration
- ❖ Water Resistance
- ❖ Fragrance Fixative
- ❖ Cleansing Activity
- ❖ Boosts Benefits of Quat Compounds
- ❖ Occlusive

Benefits:

- ❖ Remarkable Substantivity
- ❖ Alcohol Soluble
- ❖ Unique Skin Feel
- ❖ Trans Fat-free

Applications

	Use Level
Skin Care	1 – 5%
Sun Care (Pre & After)	1 - 5%
