**Florapearls** are hard, monosized spheres of Jojoba Esters. Florapearls come in all Floratech standard colors and are monosized with a standard diameter of approximately 1,000 microns. Custom colors and sizes are available upon request.

Florapearls deliver both tactile and visual activity. Florapearls give a “rolling massage” effect when rubbed on the skin, suitable for exfoliating or massage formulations. Florapearls add big, bold color in your formulations, ensuring your product stands out on the retail shelf. Florapearls are useful in all rinse-off formulations.
