

Increased Moisturization in Ethnic Skin

CS 08-011

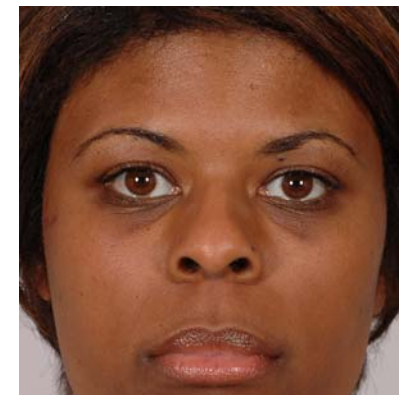

Floritech® Formulation Increases Moisturization While Promoting an Overall Evenness in Skin Tone and a Glowing Appearance in Ethnic Skin

Moisturization

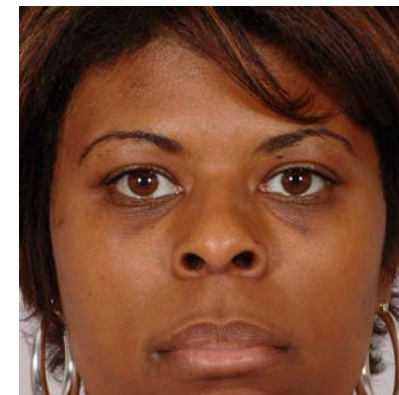

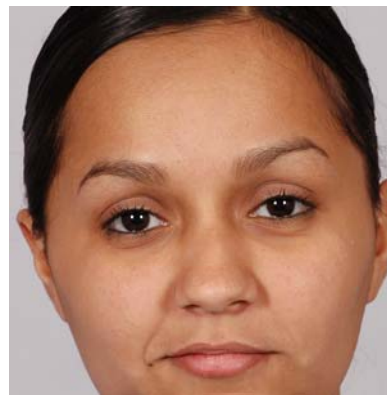

**Moisturization
+22%**

Day 0

Day 7

Floritech Ingredients:

- [Floraesters® 30](#)
- [Floraesters K-100® Jojoba](#)

Notice visible dryness, dullness, and uneven skin tone at baseline (top) and reduction in dryness (bottom left), increased glow (bottom right) and more even skin tone after 7 days (bottom).

A clinical study trial of the Floritech® test formulation (CTL_08-016) conducted on panel of 30 healthy women (15 African American and 15 Hispanic), ranging from 18 to 65 years of age. The duration of the study was 7 days with 2 applications daily. Subjects were prohibited from using any other moisturizers during the study. (Clinical Study Trial 08-016 report available upon request).
