Natural Lip Protectant

Products Highlighted: *Floramac® Macadamia Oil Refined, Floraesters® 30, Floraesters 60, and Floraesters 70*

In this natural lip protectant formula, jojoba esters form a protective, emollient moisture barrier that helps keep lips soft and supple when exposed to the elements (wind, sun, cold, and dry heat). The Floratech emollients exhibit excellent oxidative stability and the Floraesters 70 effectively enhances stick strength.
